President's Circle

In 1991, the Children's Fund Board of Directors gave great thought to creating a special fund-raising event that would be on-going and offered something to the donors in return. A. Gary Anderson, Chairman of the Board of Directors at the time, said it was clear to him that certain criteria had to be met, and with Mr. Anderson's guidance, the President's Circle was created.

An annual contribution of \$1,000 secures a membership in this special group. In return for their support, the President's Circle provides unique events each year. These include top speakers and incredible opportunities for networking among the "top guns" of the Inland Empire's corporate world.

The most important aspect of the President's Circle is that it helps at-risk children in our community. Your contribution goes directly to the children, and is not used for administrative purposes.

Our goal is to urge all of our President's Circle members to invest in our children through donations of time, talent or treasure.

Our mission is to prevent child abuse in our community; to ensure that at-risk children who are abused, neglected, impoverished, or abandoned receive adequate food, shelter, clothing, medical care and education; and to provide equal opportunity for social development for these children.
